

# CATS & KITTENS ARE NOT GIFTS

Cats are cute and cuddly. However, the idea of wanting or wishing for a cat is drastically different from the reality of owning one. That is why giving an animal as a gift is ill-advised.

## ENSURE THE CAREGIVER'S COMMITMENT TO PROVIDING:

### PATIENCE

Critically important when you bring your new cat home.

### PLANNING

The goal is to ensure that your new cat/kitten, as well as any existing cats, have their needs met.

### PREPARATION

Making sure you have all the supplies you'll need for your new furry friend.
